### About this property

This is a newly renovated villa in this magical area of Pokljuka.

The property has been renovated to a phase allowing the new owner to either own it as one complete house or as 6 separate apartments.

Built over 4 floors and offering 270 of living space it would make a well proportioned and spacious residence.

The surrounding land is 1782 square metres with forest on the border.

Just a two minute walk will take you to the famous Sport hotel with its restaurant and amenities.

This will make a lovely property in one of Slovenia's most enchanting areas.

A favourite with cyclists as well as cross country skiers, who come here once a year for the Biathlon world championships.
